

Potential Areas of Environmental Justice Concern for Low Income

based on 2000 U.S. Census data

25.75% of Indiana residents live in households that receive an income that is less than or equal to twice the poverty level income. Such households are classified here as "low income". On this map, census areas in which 38.63 - 51.49% of residents live in low income households are classified as "somewhat low income populations". Census areas in which 51.5% - 100% of residents live in low income households are classified as "low income populations".
